Re: Letter dated 3rd August 1900 from the Honorary Secretary, Bangalore Club, Sidney Park.

The Honorary Secretary of the Bangalore Club requests the sanction of Government to the Club erecting a suitable building on the site known as "Narayana Vanam" on the Jail Road which the Club proposes to purchase from the owner.

The site is included in the limits within which "the erection of any building without distinct permission, to be obtained under a grant from the Mysore Government," is prohibited in the Chief Commissioner's Notification No.188, dated 24th October 1872, republished in the Notification embodied in Government order No.767-8/R.F.55-92, dated the 2nd July 1892.

The prohibition, it will be noticed, is not absolute, and extends only to construction without previous permission.

To the grant of such permission in this case there would seem to be no objection, since the premises are intended for a social or quasi-public purpose, and the Club authorities undertake not to convert the same at any time into a private dwelling

house, and also that the building to be erected shall be a decent one.

The only other condition that it seems necessary to insist on is that in the event of the Club ceasing to exist, or of the building being used for a private ~~dwelling~~ purpose, or transferred or attempted to be transferred to any other person without the permission of Government, or in any other event in which such action may, in the opinion of Government, become necessary, the Government shall have power to take possession of the premises and lands on payment to the persons entitled thereto of such value as it thinks reasonable.

The above conditions, if approved, may be embodied in a "Grant" which is the form in which the ~~per~~-permission has to be given under the Chief Commissioner's Notification.

Though Mr Vance withdrew his application for the site near the Cenotaph owing to high price demanded by the municipality for the same and purchased another for building a church, it struck me at the time that the issue of the draft passed by the offg Dewan would be preferable, as the former having been granted by Govt there was nothing to be done in respect of the same except the applicant taking possession of the same and raising the building thereon on payment, while in the case of the latter, permission of Govt had to be sought for for erecting two churches owing to its situation within the prohibited area, which permission is generally refused. The site is clearly within the prohibited area in which under Civil Commrs notification dated 1872, republished by the Darbar in 1892 not only erection of any building is prohibited but also "the digging of wells or any extensive excavations for any purpose whatsoever". I do not see how the making of the new road can take the site in question out of the prohibited area. I wanted to get information as to when the new road is to be made but this is immaterial in deciding this question. Cons. The 2nd Councillor passed his order+ declining to grant the permission sought, on the ground that the site was within the prohibited area When the office draft embodying the above order was submitted to the offg Dewan he remarked+ as follows.—

+ Dy 6 11 00 Shenoge

+ Dy 12. 11 00 (Sl 43 1/2)

"I inspected this site and ells Lee Sanitary Suptg Engineer says that the new road constructed a few years ago has excluded this site from the prohibited area and that there can be no objection to its being built upon asked ells Lee to submit a sketch shewing the new road &c. where is his report."

(4) The report referred to was received with the

the Dy Comm's etc 791 dated
15 November 1900. Upon this
(Sl 44) it appears that, ~~at~~ in the
opinion of Mrs Lee, there
is no objection to permit
the erection of a Church
on condition that no
other buildings should be
raised thereon which could
be used as dwellings by
any one attached or working
in the church. The Offg
Dewan passed the following
order on the above report.
" From the report of the
Supg Engineer, it is now
clear that by the new road
the site in question is excluded
from the prohibited area.
I do not think there is
objection now to grant the
site subject to the conditions
suggested

suggested by Mr Lee".

The 2nd Committee to whom the above reference was submitted made further enquiries in regard to the site. The Sanitary Deputy Engineer said† that as the road skirting the Maternity was probably made by the E. Engineer, Bangalore Dn., the date might be ascertained from that office and that the road was not in existence when the order prohibiting the erection of buildings was originally passed. There is no record in the Bangalore Executive Engineers office as to the opening of the road. The Dy Com again stated that the site was

† Letter No $\frac{169}{41}$ dated 16th January 1901 (Sl46)

within the prohibited area.
Thereupon the 2nd Councillor
passed the following order:-
"The site is clearly within
the area, in which under
Chief Commissioner's order dated 1872,
republished by the Durbar
in 1892 not only erection
of any building is prohibited
but also "the sinking of
wells or any extensive
excavations for any purpose
whatsoever". I do not
see how the making of
the new road can take the
site in question out of the
prohibited area. I wanted
till now to get information
as to when the new road
was made but this is
immaterial in deciding the
question. The Offg Dewan
himself has on the ground
of) being within the prohibited

suggested by Mr Lee."

The 2nd Commissioner to whom the above reference was submitted made further enquiries in regard to the site. The Sanitary Deputy Engineer + said that as the road skirting the Maternity was probably made by the E. Engineer, Bangalore Dn., the date might be ascertained from that office and that the road was not in existence when the order prohibiting the erection of buildings was originally passed. There is no record in the Bangalore Executive Engineers office as to the opening of the road. The Dy Com again stated that the site was

to whom the reference was submitted makes the following enquiry

"1 what is the site on which Cosmopolitan club wanted permission to build (can this be noted on plan)

"2. when did Dr Arokiam Pillai apply for permission which is said to have been refused If there is any record, please put up".

D/23/2/01.

Thereupon the Dy Coms was asked to resubmit the plan (hereunto returned) marking on the same the site on which the Cosmopolitan club wanted permission to build, which was refused in Pro cs 3898-900 & L.Dis 396/92 12-9-00 and to quote the c/o & date of the order granting permission to Dr Arokiam Pillai to build a - the site on which

area refused permission to the Cosmopolitan Club to put up a building for club purposes on a piece of land to the north of the present site. The site now in question belonged to Dr Avokium Pellar and he was refused permission when he applied to build on it."

"My opinion is that until the prohibition is removed by a formal notification, as the one under which it was imposed, it is not open to the Executive Govt to allow buildings to spring up on the area"

"To The Secy Please say the permission cannot be granted".

Sir,

I have the honor to state that the Bangalore Club is now located in a rented building (Sidney Park) and that the members (consisting of Officers of Government, Advocates and Merchants)have resolved to erect a decent building of their own for its accomodation. The site known as "Narayana Vanam" on the Jail Road(the property of Mr.Nara-naswamy Iyengar), which is conveniently and centrally situated is available for sale and it is proposed to purchase this plot consisting of about 5 acres and erect a good and ornamental building thereon. The Club Committee will undertake not to convert it at any time into a private dwelling house. As it is understood that the site is included within the limits wherein"private buildings"are not to be erected without the special sanction of Government, I have the honor to request you will be so good as to obtain the sanction of Government for the Club erecting a suitable building on the above mentioned site.

The favor of early orders is requested.

No. 135.

From The Rev. J. A. Vanes, Irrigation 77-99-10

General Supt of Wesleyan Missions,
Mysore Province,

Bangalore.

To The Chief Secretary to the Govt of Mysore.

Dated 6th Novr 1900.

Sir,

I have the honor to inform you that on the first of October I forwarded an application ~~for~~ to Government through the Deputy Commissioner of the Bangalore District for permission to erect a building on a certain reserved site. As I understand that this application has been forwarded to Govt may I ask the favour of having orders passed on it with as little delay as is practicable ?

The circumstances in brief are as follows:-

The Wesleyan Mission is anxious to erect a Church in memory of the late Rev. J. Hudson, B.A. & for that purpose bought a piece of land near the Cenotaph under the impression that there was no restriction whatever on the land. As the Church will be a large & ornamental building such as will add to the beauty of the neighbourhood & as the Memorial Church is one to which Her Highness the Maharani Regent has been pleased to give a generous donation for its erection it is felt that we may with confidence make our appeal to the Mysore Government for the necessary sanction for its erection. As moreover very great delay took place in connection with an application formerly made to the Municipality for the grant of another site it is very desirable that if the building is to be erected it should be done without further delay. All our plans are now ready & we wait only the sanction of Government.

I have the honor to be , Sir,

Your most obedient Servant,

J. A. Vanes.
